

ESTRO SCHOOL OF RADIOTHERAPY & ONCOLOGY

2-6 FEBRUARY

Multidisciplinary teaching course on prostate cancer
Madrid, Spain

8-9 FEBRUARY

ESTRO/EANM educational seminar on PET in Radiation Oncology
Brussels, Belgium

10-14 MARCH

Dose modelling and verification for external beam radiotherapy
Florence, Italy

10-14 MARCH

Radiotherapy with protons and ions
Pavia, Italy

17-21 MARCH

Physics for clinical radiotherapy
Izmir, Turkey

21-24 MARCH

Evidence and new challenges in rectal cancer
Istanbul, Turkey

24-27 MARCH

Modern brachytherapy techniques
Athens, Greece

7-11 APRIL

Evidence-based radiation oncology: a clinical refresher course with a methodological basis
Beijing, China

19 APRIL

Pre-meeting courses at 2nd ESTRO Forum
Geneva, Switzerland

5-9 MAY

Basic clinical radiobiology
Poznan, Poland

11-14 MAY

Multidisciplinary management of breast cancer
Prague, Czech Republic

24-27 MAY

Combined drug-radiation treatment: biological basis, current applications and perspectives
Porto, Portugal

26-30 MAY

IMRT and other conformal techniques in practice
Stockholm, Sweden

6-8 JUNE

Multidisciplinary teaching course on lung cancer
Krakow, Poland

6-8 JUNE

Brachytherapy for prostate cancer
Cologne, Germany

9-13 JUNE

Target volume determination - from imaging to margins
Ljubljana, Slovenia

30 JUNE - 3 JULY

Multidisciplinary management of head and neck oncology
Budapest, Hungary

30 JUNE - 4 JULY

Image-guided radiotherapy and chemotherapy in gynaecological cancer - focus on adaptive brachytherapy
Moscow, Russian Federation

5-9 SEPTEMBER

Advanced technologies
Amman, Jordan

8-12 SEPTEMBER

Clinical practice and implementation of image-guided stereotactic body radiotherapy
Lille, France

8-12 SEPTEMBER

Image-guided radiotherapy and chemotherapy in gynaecological cancer - focus on adaptive brachytherapy
Barcelona, Spain

8-12 SEPTEMBER

Advanced imaging course for physicists
Vienna, Austria

8-12 SEPTEMBER

Advanced treatment planning
Utrecht, the Netherlands

13-17 SEPTEMBER

Basic treatment planning
Utrecht, the Netherlands

13-16 OCTOBER

Quantitative methods in radiation oncology: models, trials and clinical outcomes
Cambridge, United Kingdom

20-23 OCTOBER

Target volume determination - from imaging to margins
Bangkok, Thailand

20-24 OCTOBER

Image-guided radiotherapy in clinical practice
London, United Kingdom

27-30 OCTOBER

Multidisciplinary management of head and neck oncology
Indore, India

28-30 OCTOBER

Best practice in radiation oncology - A four phase project to train RTT Trainers - In collaboration with the IAEA
Part II - Train the RTT (Radiation Therapists) trainers - consolidation phase
Vienna, Austria

7-9 NOVEMBER

ESOR/ESTRO course
Multidisciplinary approach of cancer imaging
Rome, Italy

9-12 NOVEMBER

Comprehensive quality management in radiotherapy
Part II Quality assessment and improvement
Prague, Czech Republic

17-19 NOVEMBER

Multidisciplinary management of central nervous system tumours
Brussels, Belgium

22-23 NOVEMBER

EANM/ESTRO educational seminar on PET in Radiation Oncology
Vienna, Austria

23-26 NOVEMBER

Basic clinical radiobiology
Sydney, Australia

5-7 DECEMBER

Paediatric radiation oncology
Brussels, Belgium

MULTIDISCIPLINARY MANAGEMENT OF CENTRAL NERVOUS SYSTEM TUMOURS

17-19 November 2013 |
Brussels, Belgium

TARGET GROUP

The course is primarily aimed at specialists and trainees in the field of clinical/radiation oncology that are interested in extending their knowledge of the multidisciplinary management of central nervous system tumours. Other specialists in the field of CNS and interested in an updated overview of the possibilities of modern radiotherapy approaches are very welcome too.

EDUCATIONAL PROGRAMME

Neuro-oncology is generally equated with the management of malignant gliomas. Yet it is the specialty with perhaps the largest range of tumour types from curable to barely treatable. It has been at the forefront of technical developments in radiotherapy with early implementation of the latest imaging and high precision localized radiotherapy including stereotactic radiotherapy and protons. Neurosurgery has also developed in leaps and bounds so that previously inaccessible locations can be safely reached. Local treatment relies on accurate imaging and this is the cornerstone of neuro-oncology practice.

Alongside local treatment approaches, systemic treatment has become mainstay of management of many tumours in adults and children and targeted personalized therapy approaches are around the corner. The need for developing and testing new therapies in this challenging clinical setting requires involvement of neuro-oncology specialists in clinical trials and the issues specific to brain tumour trial design are of importance to the future of the specialty.

Anyone involved in neuro-oncology is aware of the challenge treating the brain and the short and long term consequences for the patient and their carers and attention to care is an integral part of neuro-oncology. The course will aim to review the present state-of-the-

art of neuro-oncology from its biological understanding to the implementation of high tech radiotherapy approaches, modern biologically driven therapy and care. It will not only cover the commonest of brain tumours, but will also review the latest developments in the less common tumours in adults and children.

WORKING SCHEDULE

The course starts on Sunday 17th November 2013 at 09:00 and ends on Tuesday 19th November 2013.

To be able to start on time, participants are encouraged to register on Sunday 17th November from 08:15 onwards.

LANGUAGE

The course is conducted in English.
No simultaneous translation will be provided.

PRACTICAL ORGANISATION

COURSE ORGANISATION

For any further information please contact ESTRO:
Gabriella Axelsson

✉ gaxelsson@estro.org

☎ +32 2 761 06 51

☎ +32 2 779 54 94

COURSE VENUE

ESTRO

Rue Martin V, 40

B – 1200 Brussels

TECHNICAL EXHIBITION

Companies interested in exhibition opportunities during this teaching course should contact:

Gabriella Axelsson

Project Manager

✉ gaxelsson@estro.org

☎ +32 2 761 06 51

☎ +32 2 779 54 94

ACCOMMODATION

To book your room, please download the accommodation form from the ESTRO website:
www.estro-education.org

PARTICIPANTS SHOULD REGISTER ONLINE AT: WWW.ESTRO.ORG > EDUCATION

These pages offer the guarantee of secured online payments. The system will seamlessly redirect you to the secured website of OGONE (see www.ogone.be for more details) to settle your registration fee.

If online registration is not possible please contact us:

ESTRO OFFICE

Rue Martin V, 40 | B-1200 Brussels

REGISTRATION FEES

	UP TO 17/08/13 INCLUSIVE	AFTER 17/08/13
In-training members*	450 €	625 €
Members	600 €	725 €
Non members	750 €	850 €

* RTT members are eligible for the in training fee

The fee includes the course material, coffees, lunches, and the social event.

REDUCED FEES are available for ESTRO members working in economically less competitive countries. Check the eligible countries and the selection criteria on the website of the ESTRO School.

ESTRO GOES GREEN - Please note that the course material is now distributed onsite on a USB key. No printed course book will be provided during the courses.

ADVANCE REGISTRATION AND PAYMENT ARE REQUIRED. ON-SITE REGISTRATION WILL NOT BE AVAILABLE.

Since the number of participants is limited, late registrants are advised to contact the ESTRO office before payment, to inquire about availability of places. Access to homework and/or course material will become available upon receipt of full payment.

INSURANCE AND CANCELLATION

The organiser does not accept liability for individual medical, travel or personal insurance. Participants are strongly advised to take out their own personal insurance policies.

In case an unforeseen event would force ESTRO to cancel the meeting, the Society will reimburse the participants the registration fee minus 15% for handling charges. ESTRO will not be responsible for the refund of travel and accommodation costs.

In case of cancellation, full refund of the registration fee minus 15% for administrative costs may be obtained up to three months before the course and 50% of the fee up to one month before the course. No refund will be made if the cancellation request is post-marked less than one month before the start of the course.
